

Canyons School District Math Summer Bridge Course

If you are an incoming 10th Grader who took Secondary I in 9th grade and would like to take Secondary II HONORS in 10th grade, this course is for you!

Course Content:

During this class, students will study the Pre-Calculus concepts taught in the Secondary I HONORS course, including: slope of a secant line, logical reasoning, vectors, and matrices. Students will need to show mastery of concepts through an end-of-course assessment.

June 11 - 21 Monday - Thursday
9:00 a.m. - 11:00 a.m.
Jordan High School
95 E. Beetdigger Blvd. (9880 S.), Sandy 84070

There is no fee for this course.
